We would like to express our appreciation to **Occhio Tec Sdn Bhd** for the services and technical support provided to Kiara Designer Suites (KDS) over the past seven years.

Throughout our engagement, Occhio Tec has supported KDS in the maintenance, troubleshooting and improvement of the building's security access systems. Their team has also assisted in the transformation and upgrading of the access system by providing technical input and recommendations based on the existing site conditions.

We appreciate their prompt response to reported issues, good product knowledge and familiarity with the KDS system. Their personnel have also been cooperative and willing to work closely with the Management team in addressing operational and technical matters.
